Trial Collection Participant Waiver & Consent Form

Last Updated: July 2026

PLEASE READ CAREFULLY BEFORE SIGNING. THIS FORM INCLUDES A RELEASE OF LIABILITY FOR PHYSICAL ACTIVITY AND YOUR CONSENT FOR KINETRACE TO COLLECT AND USE MOVEMENT DATA.

1. Purpose of This Form

This Trial Collection Participant Waiver & Consent Form ("Form") is used by KineTrace to obtain informed consent from students participating in a Trial Collection session — an in-person session in which movement data (such as accelerometer and gyroscope readings) is captured while a participant performs physical activities such as walking, jogging, sprinting, jumping, or climbing stairs, for use with the KineTrace software platform (the "Service").

By signing this Form, the participant (and, where the participant is a minor, the participant's parent or legal guardian) confirms that they have read and understood this Form, KineTrace's Terms of Service, and KineTrace's Privacy Policy, and voluntarily consents to participate on the terms described below.

2. Participant Information

Participant Full Name: _____

Date of Birth: _____ Age: _____

School / Club / Organization: _____

Session Date: _____

3. Description of the Activity

During this Trial Collection session, the participant will be asked to wear a small motion sensor (such as an accelerometer/gyroscope device) and perform simple physical movements — for example, walking, jogging, sprinting, jumping, or climbing stairs — under the supervision of a club sponsor or session facilitator. The sensor records motion data during these movements, which is then used by KineTrace as described in Section 5 below.

No movement will be required that is unsafe, and any participant may stop, rest, or withdraw from an activity at any time, for any reason, without penalty or the need to give a reason.

4. Acknowledgment of Terms of Service and Privacy Policy

Before signing, the participant (and parent/guardian, if applicable) should read KineTrace's Terms of Service and Privacy Policy in full. Copies were provided together with this Form and are also available from the session facilitator upon request. By initialing below, you confirm the following:

- ☐ I have read, or had read to me, KineTrace's Terms of Service, and I understand and agree to them.
- ☐ I have read, or had read to me, KineTrace's Privacy Policy, and I understand how my movement data and physical context information will be collected, stored, and used, including that Trial Collection Data is retained and used to train KineTrace's machine learning models, as described in that Policy.
- ☐ I understand that data collected in this Trial Collection session is treated differently from files a visitor might upload directly through the KineTrace website, and that this session's data will be pseudonymized and retained for training purposes, not deleted at the end of the session.

Participant Initials: _____

Parent/Guardian Initials (if participant is a minor): _____

5. How Your Data Will Be Used

Data collected during this Trial Collection session will be:

- Logged against a randomized, non-identifiable subject identifier (e.g., "sub_01") rather than the participant's name;
- Used to train, validate, and improve KineTrace's machine learning models for movement classification and analysis;
- Retained by KineTrace for as long as it remains useful for these purposes, unless deletion is requested as described in Section 9;
- Handled in accordance with the KineTrace Privacy Policy in all other respects.

Full details, including data retention, security practices, and your rights, are set out in the Privacy Policy referenced in Section 4.

6. Medical & Physical Activity Disclaimer

KINETRACE IS NOT A MEDICAL DEVICE AND DOES NOT PROVIDE MEDICAL ADVICE.

The data, metrics, and any analysis generated from this session are experimental and provided for educational and demonstration purposes only. They are not intended to diagnose, treat, or evaluate any medical condition, and should not be used as a substitute for professional medical or physical therapy advice.

7. Assumption of Risk & Release of Liability

Participation in this Trial Collection session, and in the physical movements it involves, is entirely voluntary. Physical activity carries inherent risks, including the risk of bodily injury, strain, or fatigue. By signing below, the participant (and parent/guardian, if the participant is a minor) confirms that the participant is physically able to safely take part in the activities described in Section 3, and voluntarily assumes all risk of injury, loss, or damage arising from participation.

To the fullest extent permitted by applicable law, the participant (and parent/guardian, if applicable) releases and holds harmless KineTrace, its developers, the hosting school or club, and their respective staff, sponsors, and volunteers, from any claims arising from participation in this Trial Collection session, except to the extent caused by gross negligence or willful misconduct.

8. Minor Participants

If the participant is under the age of 18, a parent or legal guardian must read this entire Form, the Terms of Service, and the Privacy Policy, and sign in Section 10 on the participant's behalf. The supervising club sponsor or facilitator is responsible for ensuring that no minor participates without such consent on file.

9. Withdrawal & Data Deletion Requests

The participant (or parent/guardian) may withdraw the participant from a session at any time before or during data collection, without penalty. After a session, the participant or parent/guardian may request that the participant's Trial Collection Data be deleted by contacting KineTrace using the contact information in the Privacy Policy; KineTrace will make commercially reasonable efforts to honor such requests as described in that Policy.

10. Signatures

By signing below, I confirm that I have read this Form in full, that I have read or been given the opportunity to read the KineTrace Terms of Service and Privacy Policy, and that I voluntarily consent to the participant's involvement in this KineTrace Trial Collection session on the terms described above.
